- Frontend Libraries / Frameworks:** React.js, Material-UI, Mantine, React-Bootstrap, GSAP, Bootstrap, jQuery
- Website Builder:** Shopify
- Development Tools:** VS Code, Visual Studio
- Version Control / Web Hosting:** GitHub, cPanel
- UI/UX Tools:** Figma, Adobe XD, Canva, InShot
- Graphic Design:** Poster & Brochure Designing

## WORK EXPERIENCE

### Front End Developer

Company : *Ginger Technologies, Trissur, Kerala*

June 05 2024 - September 22 2025

- Handled **43 client projects**, specializing in front-end development, UI design, and creating responsive websites.
- Developed a client project in **Shopify**, where I learned and implemented Shopify development.
- Worked on React.js, HTML, CSS, Bootstrap, Material UI, React Bootstrap projects, focusing on UI Development

### Junior Front End Developer

Company : *Ociuz Infotech PVT Ltd, Trissur, Kerala*

May 14 2023 - May 16 2024

- Developed UI for **16 client projects websites**, ensuring responsive and visually appealing designs using React JS, HTML, CSS, SCSS, JavaScript, jQuery, Bootstrap, Python Django and Mantine for efficient frontend development.
- Translated UI/UX designs into code, collaborated with backend developers, and prioritized clean, efficient coding for performance and maintainability.
- Managed multiple projects, resolved UI bugs swiftly, and trained interns in React JS for UI development and project structuring.

### Front End Developer Trainee

Company : *Ociuz Infotech PVT Ltd, Trissur, Kerala*

Nov 14 2022 - May 14 2023

- Developed UI for **17 client projects websites**, ensuring a responsive and visually appealing design using HTML, CSS, SCSS, JavaScript, jQuery, Bootstrap and Python Django for efficient frontend development.
- Collaborated with the team to brainstorm and implement UI solutions.
- Engaged in continuous learning to refine frontend development skills.
